

PROFESSIONAL SUMMARY

Frontend Developer with 3+ years of experience delivering responsive, high-performance web applications used by thousands of users. Specialized in ReactJS, TypeScript, and modern JavaScript — with a strong focus on state management, performance optimization, and clean component architecture. Familiar with backend fundamentals (NodeJS, REST API design, basic server-side logic) enabling effective full-stack collaboration. Proven ability to translate Figma designs into pixel-perfect, cross-device interfaces. Actively targeting a Senior Frontend or international remote role where product quality and engineering excellence matter.

WORK EXPERIENCE

- Frontend Developer • Nexus Zone LLC

Aug 2023 – Dec 2025

 - Built and maintained 5+ production ReactJS applications serving B2B and B2C users, consistently achieving 95+ Lighthouse performance scores.
 - Enhanced UI reliability through consistent code review practices and integrated tooling, helping catch interface issues earlier in the development cycle.
 - Accelerated feature delivery by integrating modern developer tooling into daily workflow, maintaining high code quality standards throughout.
 - Led migration of legacy class components to React Hooks architecture, improving codebase maintainability and onboarding speed for new developers.
 - Collaborated closely with a 3-person design team to implement pixel-perfect UIs from Figma, streamlining the design-to-dev handoff process.
- Frontend Developer • Saigon Online Marketing Services Co., Ltd

Apr 2021 – Jun 2023

 - Delivered 10+ landing pages and web applications for marketing campaigns across diverse industries.
 - Ensured consistent responsiveness across 8+ device breakpoints, improving cross-device user experience.
 - Integrated RESTful APIs and third-party services (payment gateways, analytics) across 4 client projects.
 - Participated actively in Agile/Scrum ceremonies including sprint planning, daily stand-ups and retrospectives within cross-functional teams of 6-8 members.
- Frontend Developer Intern • KERI Cloud Computing Software Solution Co., Ltd

Sep 2019 – Mar 2021

 - Assisted senior developers in building responsive interfaces, gaining foundational expertise in HTML5, CSS3, and JavaScript ES6+.
 - Delivered 3 internal tools that streamlined data entry workflows, recognized by team lead for code quality.
 - Participated in daily stand-ups and code reviews, building strong habits in version control (Git) and collaborative development practices.

KEY PROJECT

Global Entertainment & Gaming Platform • Team of 5 •

Jun 2022 – May 2023

Frontend Developer

- ▶ Architected and implemented 8+ high-traffic interfaces (Home, Hub, Jackpot, Lottery, Blog, Contact) from Figma to production ReactJS, serving a large-scale international user base.
 - ▶ Built a high-performance real-time UI with complex animation logic using Cocos Creator, maintaining stability under 500+ concurrent user sessions.
 - ▶ Reduced initial page load time by 32% through code splitting, lazy loading, and Redux Toolkit state optimization.
- Tech:** ReactJS, Redux Toolkit, Sass/SCSS, NodeJS, Cocos Creator, Git/GitHub, Postman

EnglishLand •

2025 – Present

Frontend Developer

- ▶ Built an English learning platform with Next.js 15, React 19, and TypeScript — featuring video lessons, AI-assisted content creation, and interactive exercises.
 - ▶ Integrated Google Gemini AI for grammar feedback and content suggestions; implemented Tiptap rich text editor with custom extensions for lesson authoring.
 - ▶ Handled auth, real-time data sync, and backend services via Supabase (PostgreSQL + Auth + Realtime) with Next.js SSR/SSG session management.
 - ▶ Delivered polished UI with Framer Motion animations, Embla Carousel, and React Player; enforced code quality via ESLint, Prettier, Husky, and lint-staged.
- Tech:** Next.js 15, React 19, TypeScript, TailwindCSS, Tiptap, Framer Motion, Supabase, Google Gemini AI, TanStack Query, Zod, Radix UI

SKILLS & TOOLS

Frontend	HTML5, CSS3, JavaScript (ES6+), TypeScript, ReactJS, Sass/SCSS, TailwindCSS
Backend (basic)	NodeJS, Express.js, REST API design, basic CRUD with MongoDB / MySQL
Tooling	Git/GitHub, Figma, Postman, Adobe Photoshop, Webflow CMS, Cocos Creator, GitHub Copilot, Cursor AI
Practices	Responsive Design, Performance Optimization, State Management (Redux), RESTful API, Agile/Scrum, SEO basics

EDUCATION & CERTIFICATIONS

Information Technology – Website Design & Development

Thu Duc College of Technology, Ho Chi Minh City

Sep 2018 – Jun 2021

- Google Analytics Certified (GAIQ)
- freeCodeCamp – Responsive Web Design
- freeCodeCamp – JavaScript Algorithms
- freeCodeCamp – Legacy Front-End
